

MELLOW YELLOW

By Nicole Bittar

The colour of sunshine in its hue of warm promise speaks of spring with zing.

This golden collection of designer lighting to dazzle the senses, ruched sofa and lounge, and armchairs to soothe winter-frazzled nerves, wall hooks to hang lightweight coats upon and rugs to run your toes through, says "hello" to the mellowest of yellow.

There's even a decorative bunny in moulded resin and gloss lacquer to shine upon this glowing tribute to all stylish things spring.
